Not Since 'Dexter'

Not since "Dexter," the six-toed cat had his picture in the TIMES-VIRGINIAN several years ago, has as charming a six-toed creature or charming an owner showed up to talk about cats in general, and six-toed kittens, in particular. In this case, the owner is Miss Maria King, five year old daughter of Mr. and Mrs. Ralph King. At the King's home in Appomattox, apparently, cats and kittens are "kings" and "queens" with Maria telling us that she has five cats, including a boy named "Suzie" ---long version of "She." The six-toed wonder, above, bears the name "Tabby" and is as soft and cuddly as any little girl could wish. For Tabby there are many toes - for Maria there are two front teeth missing (that part of smile not shown.) But like many others, Maria will probably soon have her grown-up teeth in. She will also soon be attending the Liberty Baptist Church kindergarten. And what about "Dexter"? He's very much alive and doing well at the GBA Nursery, Spout Spring (Herbert S. Jones, Jr. and family.)

EGGSZACTLY What Doctor Ordered

As Tommy Terry (above) knows well, there are many attractions in Appomattox county INCLUDING green eggs (he's holding one) and quite incidently, six-toed cats, but that's another story! Green eggs, produced by the Aracaunas chicken and sold by Mrs. Bennie Guthrie and others in the area, are a sight not everyone sees every day. Dr. Seuss's famous children's story, "Green Eggs & Ham" really "comes alive in glowing color", to put it one way, whenever a visitor or hometown buyer gets hold of one or a dozen green eggs. Now green eggs are included among the souvenir offerings at Pack's Gift and Souvenior Shop (both fresh and "do-yoked" as one visitor put it). In other words a decorated egg, also very popular in Appomattox, can be plain green as nature intended or beribboned and be-sequinned as many craftsmen do in this area. Tommy will soon be going back to the College of William and Mary for his sophomore year. He, like many other college young people, has been able to enjoy a summer at home and a job, as well – in his case, as assistant store manager at the Appomattox Drug Store. So – Green eggs, anyone? They're good to eat – and when properly prepared, a permanent addition to one's souvenir collection.

Finds Greek Coin

Bill Taylor (above), superintendent Holiday Lake Recreation Area, found a Greek coin on the Court House lawn – at Charlottesville. The coin is smaller than a U.S. 25¢ piece with an eagle on the reverse side and a man's head on the obverse.

For Supt. Taylor and Mrs. Taylor the unusual find is another bonus from a hobby they find most interesting – that of taking a metal detector out to see what's to be found underfoot that other people seem to miss. Old coins, old bottles – there are many valuable items to be found . . . just for the searching.

And by the way – that big word "Serendepity" seems to wrap up the whole story (and gives this copy writer an opportunity to use an eleven-letter word.)

Mrs. Artie Burgess, Mr. and Mrs. Mckinley Lewis and Mr. Freddie Hunter were week end guest of Mr. and Mrs. L. A. Lawing.
